Hexagonal Wire Mesh

Hexagonal Wire Mesh (Chicken Wire) is an exceptional choice for anyone who is looking for a sturdy, reliable and easy-to-erect fence. The roll is very easy to manipulate, making it ideal for all manner of purposes from security to pet enclosures. Whether for a chicken coop, a rabbit hutch, or a surrounding fence, this wire is ideal because it's lightweight while also offering excellent security.

Our advantage: Strong structure, flat surface, beautiful appearance, good corrosion resistance and oxidation resistance, Anti-aging, etc.

Standard: DIN1200, EN10223-2:1997, BS1485:1993

1. Type:

- Normal twist (Popular type)
- Reverse twist (popular type)
- Triple twist

2. Material:

Galvanized wire
Stainless steel wire
Brass/Copper wire
PVC coated wire

3. Specification:

PVC coated Hexagonal Wire Netting:
